

# Forbidden Fruit

## Creative Adult

Me and my bitch, took a little trip  
Down to the garden, took a little dip (oh no)  
Apple juice falling from her lips took a little sip (boom)  
Little sip  
Took a little sip, took a little sip  
T-T-Took a little, took a little, took a little sip (uh)  
Uh huhEy yo, I walked through the valley of the shadow of death  
When niggas hold tec's like they mad at the ref  
That's why I keep a cross on my chest, either that or a vest  
Do you believe that Eve had Adam in check?  
And if so, you gotta expect to sip juice  
From the forbidden fruit and get loose  
Cole is the king, most definite  
My little black book thicker than the Old Testament  
Niggas pay for head but the pussy sold separate  
Same bitch giving brains to the minister  
The same reason they call Mr. Cee "the finisher"  
Forbidden fruit, watch for the Adam's apple  
Slick with words don't hate me, son  
What you eat don't make me shit  
And who you fuck don't make me cum  
Put a price on my head won't make me run  
Try to kill me but it can't be done  
Cause my words gon' live forever  
You put two and two together Cole here forever  
Me and my bitch, took a little trip  
Down to the garden, took a little dip (oh no)  
Apple juice falling from her lips took a little sip (boom)  
Bitches come and go (You know that)  
Money come and go (You know that)  
Love come and go (Don't shit last)  
Bitches come and go (You know that)  
Money come and go (You know that)  
Love come and go (Don't shit last)  
Take a seat baby girl you've been all in my mind  
I know I ain't called gotta pardon my grind  
Just copped a maroon 5, no Adam Levine  
Came a man by myself, only father was time  
I know that she relate baby daddy ain't shit  
So she raised that nigga kids but she swallowing mine  
And that's why you all in my mind  
All in my line like caller number nine  
Cause a nigga poppin' like Harlem in the nine-

Seven, way before Mase was a reverend  
I was a young nigga making A's at 11  
At 12, trying to get that taste of the Heaven  
Or Hell, only time gon' tell  
Fuck her while her mama home "baby, don't yell"  
How many record do a nigga gotta sell  
Just to get the cover of the double X L  
Or Fader, fuck ya magazine hater  
When I say that I'm the greatest  
I ain't talking about later  
I'mma drop the album the same day as Kanye  
Just to show the boys the man now like Wany  
And I don't mean no disrespect, I praise legends  
But this what next the boy sick, can't disinfect  
Life's a bitch and the pussy's wet  
My clip is loaded and this the kiss of, death
