Divas Need Love Too

Klymaxx

Divas need love too
Divas need love tooWork to make money
Love to travel the world round and round, yeah
Say you wanna see me
Break out my appointment book and put your name down, yeahMonday's booked, Tuesday's taken, Wednesday got to get my hair done
I just don't have the time, no
Yes, I'm vain, hard to tame, blame our past relationship
I need peace of mindBut if you promise me that you won't hurt me
Maybe I'll change my point of view
If you consider all my worldly needs
I'll rearrange my thoughts of youBecause divas need love too
Divas need love tooAlexis Carrington wouldn't give her love to Blake
Without a warning sign, no
So what makes you think that I
Would give my love to you one more time, not gonna be hurt no moreNow if you promise me that you won't hurt me
Maybe I'll change my point of view
If you consider all my worldly needs
I'll rearrange my thoughts of youBecause divas need love too
Divas need love tooI want the girls to sing for me
Divas need love too, yes
Divas need love too, yeah, we do
Divas need love tooDivas need love too, yes
Divas need love too, yeah we do now
Divas need love too
Let me break it on downBaby, I know and I realize and I recognize
The fact that your love is so good
Yes baby, oh baby, oh baby, ow
But now in order for me to maintain my individuality
I must have complete control of my emotions
Cause you are not gonna hurt me again babyBut if you promise me that you won't hurt me
I'll change my point of view for you
If you consider all my worldly needs
I'll rearrange my thoughts of youBecause divas need love too
Divas need love tooI want the girls to sing for me
Divas need love too, yes
Divas need love too, yes, we do
Divas need love tooI don't need to know more

Divas need love too, yes
Divas need love too, yeah we do now
Divas need love tooSing it for me one time
Divas need love too, yes
Divas need love too, yes, we do
Divas need love too
