Burning In Me

Lindsay Pagano

Tired of walkin' 'round, head down lost and found
Victimized by a prize that ain't worth keepin'
Feelin' all alone, address unknown
Where do you go when the clouds start creepin'
Gotta turn on a dime, now baby, make it shine
Like the gift was intended to be
It's a light that burns out when you doubt
And you can't get it back when you can't even see
I believe, I believe, I believe
I believe it's burning in me
(Burning in me)
I believe, I believe, I believe
We can make it, we can make it
(Make it, make it)
If we just reach up and take it
Kick scratchin', this child's gone wild
In the city it's a pity when you're blind by greed
What you take is your soul and the one thing you hold
Is the love you make and love is free
Too ashamed to ask that the past be forgiven
Didn't your mama teach you how to say please?
Put your mind in line for the goal
If you can't take control than get down on your knees
I believe, I believe, I believe
I believe it's burning in me
(Burning in me)
I believe, I believe, I believe
We can make it, we can make it
(Make it, make it)

If we just reach up and take it
Gotta turn on a dime, now baby, make it shine
Like the gift was intended to be
It's a light that burns out when you doubt
And you can't get it back when you can't even see
I believe, I believe, I believe
(I believe)
I believe it's burning in me
(I believe)

It's burning in me
Gotta turn on a dime, now baby, make it shine
Like the gift was intended to be
Put you mind in line for the goal
If you can't take control then get down on your knees
I believe, I believe, I believe
I believe it's burning in me
(Burning in me)
I believe, I believe, I believe
We can make it, we can make it
(Make it, make it)
If we just reach up and take it
I believe, I believe, I believe
I believe it's burning in me
(Burning in me)
I believe, I believe, I believe
We can make it, make it
Just take it
