Kiss Me

Lucy Hale

You walk in and act so surprised
Even though every Friday night I'm here
You know I'm here
You talk to some girl, I dance with some guy
Catch each other's eye and we pretend
Like we don't care
But I know you know I know
We ain't really lettin' things go, noYou leave here and you drive home
You take a turn down my road
I watch you through my window
And hide so you can't see
Don't you know I want you with me
And it ain't just cause I'm tipsy
You can act like it's all over
And you don't miss me
Or you can just kiss me
Kiss me, kiss me, yeahWe talked and talked and talked some more
Over thought this thing right out the door
Well I don't wanna talk no more
Who we kidding, why we pretending?
Wish you'd just go on and lean in now
What are you waiting for?
So either tell me I'm insane
Or let's call off these crazy gamesYou leave here and you drive home
You take a turn down my road
I watch you through my window
And hide so you can't see
Don't you know I want you with me
And it ain't just cause I'm tipsy
You can act like it's all over
And you don't miss me
Or you can just kiss meKiss me like the first time
Leave your lips on mine
I can't remember why
We ever said goodbye, goodbyeYou leave here and you drive home
But baby I know where you wanna go
YeahYou leave here and you drive home
You take a turn down my road
I watch you through my window

And hide so you can't see
Don't you know I want you with me
And it ain't just cause I'm tipsy
You can act like it's all over
And you don't miss me
Or you can just kiss me
You can just kiss me
You can just kiss m
