Oh call me everybody knows it's true
Yeah call me everybody knows it's you
Call me, call, call me

Oh call me everybody knows it's true
Yeah call me everybody knows it's you
Call me, call, call me

Oh call me everybody knows it's true
Yeah call me everybody knows it's you
Tell me, tell me, tell me
Everything they gave you for your turn
Tell me, tell me, tell me
Everything you know don't get it so blur (?)
Get it so blur (?)

Why is it all about you
About you

Ah (ahâ€¦!..)
Tell me, tell me, tell me
Tell me, tell me, tell me
Tell me, tell me, tell me
Everything you know don't get it so blur (?)
Ah (ahâ€¦!..)

Tell you, tell me (tell you tell me tellâ€¦!..)

You're loving me as once
You're loving me as once
You're loving me as once
You're loving me as once
You're loving me as once
