

# Russian Lullaby

## Hot Club Quartette

Where the dreamy volga flows  
There's a lonely russian rose  
    Gazing tenderly  
    Down upon her knee  
Where a baby's brown eyes glisten  
ListenEv'ry night you'll hear her croon  
    A russian lullabyJust a little plaintive tune  
When baby starts to cryRock-a-bye my baby  
Somewhere there may beA land that's free for you and me  
    And a russian lullaby
