Bad Bad Girls

Fastway

Bad Bad Bad Bad Girls

Theyâ€™re cominâ€™ down the street, The kinda girls youâ€™ve just got to meet
My mother told me all about you
Look wild, look mean, look bad and a little obscene
Iâ€™m sure they could show you a thing or two

When the night starts comin around, And girls start putting it down
Bad Bad Girls
Give me some more, give some more than I was looking for
Iâ€™ll go crazy and do anything you can do
Bad Bad Bad Bad Girls
Gimme a shot, gimme a shot of anything you got
Theyâ€™re waiting to put the finger on you.
Theyâ€™re bad, I said bad

Theyâ€™re hot, theyâ€™re bad
Got the moves for making you mad
Theyâ€™re ready to do the number on you
Temperature's off the clock, These girls ainâ€™t gonna stop
Theyâ€™re waiting to put the fire on you

When the night starts comin around, And girls start putting it down
Bad Bad Girls
Give me some more, give some more than I was looking for
Iâ€™ll go crazy and do anything you can do
Bad Bad Bad Bad Girls
Gimme a shot, gimme a shot of anything you got
Theyâ€™re waiting to put the fire on you.
Theyâ€™re bad, gonna eat you alive better run, better hide, So look out
(Guitar solo)
When the night starts cominâ€™ around, And girls start putting it down
Bad Bad Girls
Give me some more, give some more than I was looking for
Iâ€™ll go crazy and do anything you can do
Bad Bad Bad Bad Girls
