Wave on Old Glory
Ralph Stanley II & the Clinch Mountain Boys

Tried and true, the red, white & blue, stood the test of time
From Normandy to Pearl Harbor, the Stars were held up high
Many times abused and battered, still stands tall today
Representing the good ol'™ USA

Wave on Old Glory, wave on
For you always remind me how our freedom was won
The star and stripes forever stand, and blow with the wind
Wave on Old Glory, wave on

Flags stand for freedom, in the land of the free
Great sacrifice, paid for you and me
When I see Old Glory waving, I always stop to stare
At the beauty and wondrous colors in the air

Wave on Old Glory, wave on
For you always remind me how our freedom was won
The star and stripes forever stand, and blow with the wind
Wave on Old Glory, wave on

The stars and stripes forever stand, and blow with the wind
Wave on Old Glory, wave on
Wave on Old Glory, wave on
