

Tell Me How

Peter & Gordon

Tell me how, to keep your love.

You know how, I need your love.

Tell me how you keep the love within your heart from me.

Don't you know, that I love you.

Let me show, why i'm so blue.

When my love, my love is true, don't keep your love from me. If you would say, to me today, the time for love
is now.

Could I sway your love my way, then I say tell me how. Tell me how, to keep your love.

You know how, I need your love.

Tell me how you keep the love within your heart from me. Tell me how, to keep your love.

You know how, I need your love.

Tell me how you keep the love within your heart from me.

Don't you know, that I love you.

Let me show, why i'm so blue.

When my love, my love is true, don't keep your love from me. If you would say, to me today, the time for love
is now.

Could I sway your love my way, then I say tell me how. Tell me how, to keep your love.

You know how, I need your love.

Tell me how you keep the love within your heart from me. Tell me how you keep the love within your heart
from me.
