

At Least a M

Gucci Mane

At least A M

(Mike WiLL Made It)

(Zaytoven)I'm a walking lick, I look like a robbery

You niggas ain't mobbin', you know you got a problem

You niggas ain't legit, see Gucci with the shit

You keep on talking slick then I'ma go and get the stick

Gutter as a kid, still done talking brick

Used to have a ninety six Impala sitting on blades chopping

That was ninety six, they treat me like a prince

When I was behind the fence you was acting like a bitch

So I might slap you like a pimp

My chef is cooking shrimp

The haters tryna' knock me off my throne but they can't do this like the thirtieth attempt

And you look like a wimp

And I don't even associate with niggas

Who associates don't have at least a MHave at least a M

I don't even associate with niggas who associates don't have at least a M

Have at least a M

I don't even associate with niggas who associates don't have at least a M

I'm from BC Bouldercrest

And I be scrapped up to the teeth

I used to have them P's

I got em' from AZ and I used to pay like one for em' sell em' for the three

RIP to E, how you let a nigga in a motherfucking wheelchair beat you to the cheese

You deserve a D

Y'all ain't really flown but you post' gettin' up lil' money but ain't get money like me

I'm steady pushing three, or you can call it H

But ain't no need to call me unless you got ninety G's, I'm tryna' make a B

You tryna' make a play but get the fuck up out my face cause nigga you the MTD'sHave at least a M

I don't even associate with niggas who associates don't have at least a M

You ain't got to be rich to talk to Gucci, but you gotta' be part of something!

So you mean to tell me your daddy, your momma, your brother, your partner ain't nobody getting no money?

So everybody around you broke? (ha ha ha)

Nah! I ain't fucking with that man! (Oh hell no)

Nah for real, I'm with you Gucc'

I thought, you know I thought your uncle some place with a ho'

Ain't nobody play pro ball or nothing? Ain't nobody got nothing?

Oh shit my phone's ringing, this gotta' be some money right here
