

# When Finally Set Free

## Copeland

Feel the pain teaching us  
How much more we can take  
Reminding us  
How far we've comeLet the pain burn away  
From our hearts  
We have time to start  
All over againFeel the pain teaching us  
How much more we can take  
Reminding us  
How far we've comeLet the pain burn away  
From our hearts  
We have time to start  
All over againFeel the pain teaching us  
How much more we can take  
Reminding us  
How far we've comeLet the pain burn away  
From our heart  
We have time to start  
All over againWell, if you would shine  
Your love down here, oh  
Make our hearts  
As perfect as newOh, if you would shine  
Your love down here, oh  
I promise I'll reflect it  
Right back at youOh, I promise I'll reflect it  
Right back at you  
Oh, I promise we'll reflect it  
Right back at you
