A Little Time

Otis Redding

If you don't think I'm loving you enough
Oh, you got to tell me so
And I bet you five dollars and a quarter
I'm gonna love you just a little bit moreGive me just a little time
All I need
Got to have a little time, yeah babyMornin', noon and night
Every time I think is right
I'm gonna hold you, kiss you
Roll you and squeeze you
And make sure every thing alrightGive me just a little time
All I need, now
Got to have a little time, yeah babyCome on, mama
Gotta, gotta, gotta give it all to you now
Late in the mornin'Lovin' you is my destiny
So you got to help me cop this plea
And I'll make sure that you'll need nobody
Do the thing that you want me to do for youGive me just a little time
All I need, aot to have a little time, yeah baby
Just give me just a little time
I'll take five minutesGive me just a little time
Give me twenty minutes
Go to take a little time, yeah baby
I got to, got to, got toCome on, girl, oh give it
Give me just a little time, yeah baby
Give me just a little time, yeah baby
