The March Prelude

Ja Rule

Yeah been a slave too long
All my murderers
Let's march my niggasLord can we get a break?
(Lord can we get a break?)
We ain't really happy here
(We ain't really happy here)
Take a look into our eyes
(Take a look into our eyes)
And see pain without fear
(And see pain without fear)Lord can we get a break?
(Lord can we get a break?)
We ain't really happy here
(We ain't really happy here)
Take a look into our eyes
(Take a look into our eyes)
And see pain without fear
(And see pain without fear)Lord can we get a break?
(Lord can we get a break?)
We ain't really happy here
(We ain't really happy here)
Take a look into our eyes
(Take a look into our eyes)
And see pain without fear
(And see pain without fear)Lord can we get a break?
(Lord can we get a break?)
We ain't really happy here
(We ain't really happy here)
Take a look into our eyes
(Take a look into our eyes)
And see pain without fear
(And see pain without fear)Lord ohh Lord
Can we get a break?
