

# Angel In the Night (Radio Edit)

## Basshunter

You are my light in the dark  
You are the beating in my heart  
But that is not enough  
Will I ever be by your side? Your hair is dancing in the wind  
Your eyes are burning up my skin  
And I'm so happy when I see  
That you are smiling back at me You're leaving burn marks on the ground  
Thank You, God, for what I've found  
I don't know how, I don't know why  
But you're my angel in the night You are my light in the dark  
You are the beating in my heart  
Let me hold you now  
Just like days before you start to cry You are my light in the dark  
You are the beating in my heart  
But that is not enough  
Will I ever be by your side? Prepare for lunch in three, two, one I try my best to satisfy  
But all you do is wave me goodbye  
I don't know what I'm gonna do  
But I'm so crazy about you Even if I don't know where to start  
Even if my love is tearing me apart  
I just know that you and me  
We were always meant to be You are my light in the dark  
You are the beating in my heart  
Let me hold you now  
Just like days before you start to cry You are my light in the dark  
You are the beating in my heart  
But that is not enough  
Will I ever be by your side? Three, two, one  
You're my angel in the night
