You and the Mona Lisa

Shawn Colvin

Hold me down to anything
Anything that you see
I should walk away right now
I'll be there, so never mind
I'll be the one to fall
Waiting for you to look up at meOh, I love you the most
Always giving up the ghost
In your own private conversation
You're a sweet mystery
There is nothing in between
You and the Mona LisaNothing in particular
And everything in between
This is what you mean to me
Only you and only me
Climbing in the right direction
On the way to everythingWe were walking up high
And no one thought to try
But I was the one to blame
And it was just a mirage
So, I hid in the garage
'Till somebody called your nameOh, I love you the most
Always giving up the ghost
In your own private conversation
You're a sweet mystery
And there's nothing in between
You and the Mona LisaNothing in particular
Just you and the Mona Lisa
Nothing in particular
Just you and the Mona Lisa
Nothing in particular
Just you and the Mona Lisa
Everything you meat to me, to me, to meNothing in particular
Just you and the Mona Lisa
Nothing in particular
Just you and the Mona Lisa
Nothing in particular
Just you and the Mona Lisa
