## Novice

I can feel you here tonight  
Everything here makes me think of you  
You're all around me now  
And everything I see tells a story of where we've been  
This could be all I needDo you remember?  
Do you remember?  
(Cause you're not here)  
Do you remember?  
Do you remember?  
Cause you're not standing next to me  
And I don't see it in your eyes anymore  
Do you remember?  
Do you remember?I could see you standing up the road  
And my chest feels like caving in  
I chase you all night if I could  
Cause these eyes are running dry  
They tell the story of where I've been  
The things I know could do me inDo you remember?  
Do you remember?  
(Cause you're not here)  
Do you remember?  
Do you remember?  
Cause you're not standing next to me  
And I don't see it in your eyes anymore  
Do you remember?  
Do you remember?Cause I know I did everything I could and now you're gone  
Now you're gone  
And I hope you're in a better place  
It's not the same without you hereDo you remember?  
Do you remember?  
Cause you're not here  
Do you remember?  
Do you remember?  
Cause you're not standing next to me  
And I don't see it in your eyes anymore  
Do you remember?  
Do you remember?(Do you remember? Do you remember?)(Do you remember? Do you remember?)(Do you remember? Do you remember?)(Do you remember? Do you remember?)
