

# Forgot to Forget

LMNT

I can't keep dreaming  
All this pain I'm feeling  
All in all, it's that you gone  
But why is it taking me so long? How can I move on?  
Without your love I'm long gone  
Turn back the hands of time  
Back to the day when you were mine You and I were once together  
I wish we'd stayed forever  
My heart can't live without you  
Oh girl, can we work it out? 'Cause I can't do this, I can't do that  
Can't see the good in our goodbye yet  
Even six months later and I still forgot  
To forget about you And I can't turn off, it still runs hot  
Feeling the feelings I know I should not  
You're my best ex-lover and I still forgot  
To forget about you Remember the laughter  
We shared with each other  
Now it's like a broken heart attack  
I'd give anything if you would take me back Girl, I'm so sorry  
I didn't mean to hurt you  
What I did I cannot explain  
I don't know why I was playing games You and I were once together  
I wish we'd stayed forever  
My heart can't live without you  
Oh girl, can't we work it out? 'Cause I can't do this, I can't do that  
Can't see the good in our goodbye yet  
Even six months later and I still forgot  
To forget about you And I can't turn off, it still runs hot  
Feeling the feelings I know I should not  
You're my best ex-lover and I still forgot  
To forget about you All I wanna do is stop my life and hit rewind  
All I wanna do is find you girl and make you mine  
Mine once upon a time  
Not so long ago I can't forget, you yet  
You know I can't do that  
The feeling is still too real  
To forget about you I can't forget you yet  
'Cause where my lonely heart's at  
I can't see the good in goodbye

To forget about you, ohh'Cause I can't do this, I can't do that  
Can't see the good in our goodbye yet  
Even six months later and I still forgot  
To forget about you And I can't turn off, it still runs hot  
Feeling the feelings I know I should not  
You're my best ex-lover and I still forgot  
To forget about you'Cause I can't do this, I can't do that  
Can't see the good in our goodbye yet  
Even six months later and I still forgot  
To forget about you And I can't turn off, it still runs hot  
Feeling the feelings I know I should not  
You're my best ex-lover and I still forgot  
To forget about you
