

# Escapist

## Nightwish

Who's there knocking at my window?

The owl and the Dead Boy

This night whispers my name

All the dying children

Virgin snow beneath my feet

Painting the world in white

I tread the way

Gonna lose myself into a tale

Come hell or high water

My search will go on

Play boy

Voyage without an end

The nightingale in a golden cage

That's me locked inside reality's maze

Can't someone make my heavy heart light?

Come undone

Bring me back to life

A nightingale in a golden cage

That's me locked inside reality's maze

Can't someone make my heavy heart light?

It all starts with a lullaby

Journey homeward bound

The sound of a dolphin calling

Tearing off the mask of man

The tower

My soul guide

This is who I am

Escapist

Paradise Seeker

Farewell, time to fly

Out of sight

Out of time

Away from our lives

The nightingale in a golden cage  
The nightingale in a golden cage  
That's me locked inside reality's maze  
Can't someone make my heavy heart light?  
Come undone  
Bring me back to life

A nightingale in a golden cage  
That's me locked inside reality's maze  
Can't someone make my heavy heart light?  
It all starts with a lullaby
