Go Somewhere

Sage the Gemini

Excuse me. I know you don't care
But I saw you from across the room
And I just wanna say I like your hair
Maybe some time we can
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? HeyYeah, excuse my manners
I just wanna, I just wanna do it on camera
Where you wanna go baby we could go anywhere?
And if I already landed then I'm gonna send you there
I got a pocket that has nothing but some Benjamins
You so sweet you should change your name to Cinnamon
I be making dividends in hella different states
These niggas out of line Imma put them in place
Real good organization
Heartbreak gang we are more than a nation
Aborting these babies, I ain't feeling these niggas
Lick they bitch like a letter and then I'm sealing these niggas, fateExcuse me. I know you don't care
But I saw you from across the room
And I just wanna say I like your hair
Maybe some time we can
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? HeyGo go somewhere tear down the wall
Got the number to your drawers making bootycalls
Girl I'm just playing
Gotta get like Jeff and get married I'm saying, yeah
Money to the max just went up the bank
Got me in the clouds, just without the plane

Imagine us living life out in Maine
HBK gang yeah we here to stay
A real one need a real one
Chasing you girl that's a real run
With me you gonna have some good times
So if you lose him no I ain't a rerunExcuse me. I know you don't care
But I saw you from across the room
And I just wanna say I like your hair
Maybe some time we can
Go somewhere? Hey.
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? HeyExcuse me. I know you don't care
But I saw you from across the room
And I just wanna say I like your hair
Maybe some time we can
Go somewhere? Hey.
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
Go somewhere? Hey
