

We Will Find A Way

Melinda Doolittle

Sun follows rain, strength follows pain
Oh, we will find a way
There is a plan, peace follows understanding
Oh, we will find a way And in the long run all things happen for a reason
Though it hard sometimes believing what that means
There's a long road, we will sail above these waters
There are more than 7 wonders to be seen Here in your smile, my heart can rest awhile
And I know we will find a way
Faith is the key that brought you here to me
Oh, we will find a way And in the long run all things happen for a reason
Though it hard sometimes believing what that means
Oh, there's a long road, we will sail above these waters
There are more than 7 wonders to be seen, oh yeah Sun follows rain, time heals the pain
Oh, it will be alright And in the long run all things happen for a reason
Though it's hard sometimes believing what that means
Faith is the key that brought you here to me
Oh, we will find a way, oh we will find a way Though the darkness goes on forever
We can light a candle together
We will sail above these waters
[Incomprehensible] All things happen for a reason
There's so much for us to believe in
And as long as I'm still breathing
We will find, we will find a way Faith is the key that brought you here to me
We will find a way, we will find a way
Keep believing, keep believing
