

Short Dress Woman

Muddy Waters

My baby wear her dress so short
It come way up around her knees
My baby wear her dress so short
That come way up above her knees
Says she's gonna show her big fine legs
To just anybody she please The men all crazy about you
The boys are watching you too
I looked across the street girl
There stood nobody but you Wearing that short dress baby
Come way up above your knees
Says she's gonna show her big fine legs
To just anybody she please I give a party last week
You came a taken the prize
Wearing that dress so short woman
Way up above your thighs Short-dress woman
Come way up above her knees
Says you gonna show her big fine legs
To just anybody she please Well now, you short-dress woman
Come way up above your knees
My baby why how to dress so short
It come way above your knees
Oh she say she gonna show her big fine legs
To just anybody she please
