

Lunacy Fringe (Acoustic Version)

The Used

Wake up, my love
Never thought you'd make me, break me
Now I'm up from below such a brilliant star you are
And will your love keep burning baby
Burn a hole right through my eyes
Saw the short times feel like no time
I thought you ought to know

I'm so far gone now I've been running on empty
I'm so far gone now do you want to take me on (do you want to take me on)

Do
Do you
Do you know?
Do you know how long I've waited to look up from below
Just to find someone like you
And will your love light burn me baby
Burn a hole right through my heart
I think I might just trust you maybe but I'm not sure, I'm not sure I want to know

I'm so far gone now I've been running on empty
I'm so far gone now do you want to take me on
I'm so far gone now I've been running on empty
I'm so far gone now do you want to take me on (do you want to take me on)

I think you could make me girl, could make me and take my life
I know you could break me girl, take all of me
All of me yeah

Wake up
My love
Never thought you'd make me, break me
Now I'm up from below, such a brilliant star you are

I'm so far gone now I've been running on empty
I'm so far gone now, do you want to take me on
I'm so far gone I've been running on empty
I'm so far gone now do you want to take me on
