

# Little Heavens

## Ms Krazie

My love, come back, to me...

Verse 1:

I don't know how to describe it

Because I miss you

I wish I would of had the chance to hold you & to kiss you

To keep you in my arms safe and never let you go

I promise little one your mama loved you

Don't you ever doubt it,

I know your looking down & I can't wait to see you

when the heavens bring you down

I mean I won't let you go for a second time

My soul couldn't take it

It's like take my heart & break it

I think about you every time I close my eyes

And I hold on to my faith so your memory never dies

I will forever be in depth with you because you showed me how to love, a way I never knew

Chorus:

(My love)

I know your never coming back

(Come back)

& my hopes are fading fast

(To me)

I'm holding on by thread cause' my heart is filled with sorrow,

(My love)

Loosing you is killing me

(Come back)

But you'll always be apart of me

(To me)

I need to find the strength to hold on until tomorrow,

Verse 2:

See the thing is, I wanna see you again

I never got over the fact, I just can't play pretend

& pretend you never happened when I heard your heart

God had some other plans for you from the start

& I try to understand but I really can't

I mean I wanted you so bad, what was so wrong with that

I know I wasn't perfect, I was acting a fool  
Couldn't make a decision on what I thought I knew  
Thinking I could live my life pushing GOD away  
Until I got a big reminder when you couldn't stay  
Then my eyes really opened,  
Something had to change I wasn't willing to go through something like that again

Chorus:  
(My love)

I know your never coming back  
(Come back)  
& my hopes are fading fast  
(To me)

I'm holding on by thread cause' my heart is filled with sorrow,  
(My love)

Loosing you is killing me  
(Come back)

But you'll always be apart of me  
(To me)

I need to find the strength to hold on until tomorrow

### Verse 3:

Wish I would've had a chance to hold your tiny hands & sing you lullabies before I put you to bed  
I wish I could of seen you eyes, heard your little cries, held you to my chest & knew that you were okay  
I mean I gotta believe, because if not I'll break down  
I gotta know that your in heaven & your smiling down  
Trust that GOD had his reasons  
I was blessed to even have you, even for a second I'm so glad I had you  
But that doesn't take the pain away  
Even though it's been years I keep on feeling this way  
I mean my heart remains broken they tore my soul apart  
The day they took you from me, will forever be hard

Chorus:  
(My love)

I know your never coming back  
(Come back)  
& my hopes are fading fast  
(To me)

I'm holding on by thread cause' my heart is filled with sorrow,  
(My love)

Loosing you is killing me  
(Come back)

But you'll always be apart of me  
(To me)

I need to find the strength to hold on until tomorrow
