

# Heartbreak Summer (feat. K.Fl原因)

[RAC](#)

No waves, dead beach  
These birds won't leave me alone  
Can't bare this heat, my burn, every sweater I own  
Too many days and you drive outside, [?] on the floor  
Missing a place just that we used to make-out on the shores  
While everybody surfing  
Baby I've been hurting  
Oceans take me under, ooh  
Baby, it's a heartbreak summer  
They see, just broke  
I left my sandals at yours  
Black jeans, red coat  
Take me to December, New York  
Too many days in a palm tree, house keys on the floor, ooh  
Thinking of ways that you just don't own me anymore  
While everybody surfing  
Baby I've been hurting  
Oceans take me under, ooh  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
California knows how to party  
You're all around me, I can feel your heartbeat  
California knows how to party  
You're all around me, I can feel your heartbeat  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer  
Baby, it's a heartbreak summer
