

# Cross My Heart

## More Than a Thousand

We've been lost, we've been found  
We are meant to be so much more  
Bring me faith, give me hope  
We are meant to be so much more Is there still something worth fighting for?  
I still remember when we had everything to lose Is this what I've been searching for?  
Your eyes tell me more than I need to know  
My regrets are nothing new to you  
I wanna know  
Will I get something from your cold dead lips?  
When did you become so fucking empty?  
My love is lost  
You're better off dead  
You became everything I hate  
You're fucking dead to me  
Every part inside of me knows there's nothing left worth fighting for  
Is this a drunk love song?  
You became everything I hate Bring me faith, give me hope  
We are meant to be so much more Is this what I've been searching for?  
Your eyes tell me more than I need to know  
My regrets are nothing new to you  
We both know that everything you did was wrong  
Your eyes tell me more than I need to know  
You will be the death of me Cross my heart and hope to die  
We'll never change, this is who we are Is this what I've been searching for?  
Your eyes tell me more than I need to know  
My regrets are nothing new to you  
We both know that everything you did was wrong  
Your eyes tell me more than I need to know
