

Battle Hymn of Central London

Liam Bailey

If I read the Holy Bible
They say it would make me a man
If I read the pages of Revelation
It would make me understand
I could go to central London
And listen to them speak
About loving everybody that we meet
Some say shine crazy diamond
Some say shine like the sun
But I just sit and watch the moon above
'Cause you're my holy fire
And you're my holy light
So be my Jesus and save me tonight
If I spend my time on astrology and rhyme
Will it waste my time?
As I pour myself a whiskey and a wine
Everybody seems so fine
I, I have a holy anger
And you got holy light
Be my Jesus and save me tonight
But lately I'm lost in doom
I don't turn the pages
And if I end up losing you
Take me through the ages
So be my Jesus
So be my Shiva
Be my leader and save me tonight
Oh save me tonight
Oh save me tonight
Save me tonight
Tonight, tonight
