I Haven't Been True

The walters

You called me at night
I thought we were fine
I told you I don't
love you darling.

Now I'm right by the phone
insolent to your calls
I've got to come clean,
my darling
ooooh

I haven't been true to you in so long
I haven't been true to you in so long

Now here we go it's terrible to think
I wanted you but I just couldn't stay
and you know
it's hard to love someone
when you know
that we're far too young

And now I'm standing here
I want to be the one for you
and now I cant believe the things I feel
I feel for you
I haven't been true to you in so long
I haven't been true to you in so long

Now here we go it's terrible to think
I wanted you but I just couldn't stay
and you know
It's hard to love someone
when you know
that we are far too young

I am an awful man
I never keep my secrets.
I told you all those lies
and I heard you believed them.
I am an awful man

I never keep my secrets.
I told you all these lies
and I heard you believed them.
I haven't been true to you in so long.
