Lyrics by Sanrabb
I will find my way
Through this void called life some day
I cast my spell to set them free
I serve the demons, they serve me
By ways of Belial
On paths of ancient times
I call out in vengeance
I know your name
Shaitan
Night has come
I feel the forces shift and turn
I call your name
Shaitan
By ways of Baphomet
On paths of ancient times
I call out in anger
I know your name
Satan
