

# Dancin' Til Dawn

Lenny Kravitz

The way she moves really talks to me  
I'm going out of my mind  
'Cause the way that she winds is truly divine  
She takes her time as she approaches me  
Then she gives me the sign as she moves her behind  
That only God would design  
Like a bullet from a gun, the DJ makes a run  
When she feels a beat, my baby  
I can't get her off the floor  
She keeps me dancing till dawn  
The lights are low  
She likes to dance for me  
It's making me high 'cause the look in her eye  
Is hot as July, hey  
The night is young, Gold Bar's the place to be  
The music is right 'cause the DJ is tight  
Zappa into Barry White, yeah  
Like a bullet from a gun, the DJ makes a run  
When she feels a beat, my baby  
I can't get her off the floor  
She keeps me dancing till dawn  
Like a bullet from a gun, the DJ makes a run  
When she feels a beat, my baby  
I can't get her off the floor  
She keeps me dancing till dawn  
Like a bullet from a gun, the DJ makes a run  
When she feels a beat, my baby  
I can't get her off the floor  
She keeps me dancing till dawn  
Like a bullet from a gun, the DJ makes a run  
When she feels a beat, my baby  
I can't get her off the floor  
She keeps me dancing till dawn, she keeps me dancing  
Like a bullet from a gun, the DJ makes a run  
When she feels a beat, my baby

I can't get her off the floor  
She keeps me dancing till dawn
