# Between Us

## Loon

Nothing, nothing, can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Yo, yo can?t nothing come between
Me and my queen
Me and my team, me and my dreams
Are getting as green
I went from flippin' them things
Crippling triple beams
Dippin' in different things
By any and all means
I seen lot-a hatred a lot a fake shit
But I knew, that me and you boo, we always make it and we do
Through stormy weather, through all endeavors
Through all vendettas, together it?ll all be better
What?s the sense of having all this cheddar?
If a nigga can?t spend winter, spring, summer, fall together
Born for ever against the war whatever but I?m the one
That you can call whenever, I?m yours forever
Nothing, nothing, can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know noting, nothing
Can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Uh, now you was there when the guns was bustin'
When the blood was rushin'
3 shot, 2 dead, 1 concussion
Through it all you ain't 1 for nutin'
I was on the hunt for nutin'
Talking full lymph front for nutin'
Chicks wanna give me dough for nutin'

When I cudda bin home or sumfin'
Watching the tool, fresh food, bottle of Vou
Set his cannon on the block like I?m not in the mood
Have a nigga question how I even got with them dudes
When I no that I could always get it poppin' wit chu
Me and you ain't nobody stopping the two
A rock crock guy asking for you
Whatever I could possibly do, I?m not a hater
I ain't knocking your kru but they watchin' my moves
Stopin' my boo to cock glock in [Incomprehensible]
On top of that I'm like a popular dude
That?s bout to pop in a few, but still the norm ma the topic is you
Nothing, nothing, can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Uh yeah, a yo things are looking better now
Louis sweater now, getting cheddar now
Quiet while I treat you better now
Soon as the snow fall, you chin-chilla down
Cat suits and leather now, chrome berretta now
Dice games I feel safe, throwing cheddar down
'Coz shorty we on points specially when the feds around
Stick up kid front shoot what a nigga down
Spit several rounds your crown and shut a nigga down a town
When we first met took our first step, used to burst checks
I told you to stop, copped your first vet, gave you incentive
Loving you relentless, to have another lover would be senseless
Loving under incense, back rub mammi for instance
Public park loving on benches, back yard rippin' on fences
Hell with them wenches, you came through in the trenches
Naked in trenchers
Nothing, nothing, can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Can ever come between us

There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing
Can ever come between us
There?s a reason why we're still in love
Can?t nobody ever break us up
They should know nothing, nothing can
No, no, no, no
Never come between
You and me, ooh baby yeah
Oh no, oh no, no, no
No, no, no, no, no, no
