

Let Me Entertain You

Bette Midler

Let me entertain you
Let me make you smileLet me do a few tricks
Some old and then some new tricks
I'm very versatileAnd if you're real good
I'll make you feel good
I want your spirits too climbSo let me entertain you
And we'll have a real good time, yes sir
We'll have a real good timeAnd if you're real good
I'll make you feel good
I want your spirits to climbLet me entertain you
And we'll have a real good time
