Don't Go

Mirah

(Small Sale EP)Don't go
Don't take yourself away from me tonight
'Cause we know the only time we both feel alright
Is when you're lying next to me holding me tightYou say you'll think about me for two hours in the car
In some ways it is and also isn't very far
I'll sit at home listenin' to Friday night pass by
And while you're at that party i'll think about you and sighDon't go
Don't take yourself away from me tonight
'Cause we know the only time we both feel alright
Is when you're lying next to me holding me tightThere's all these things about you shine a love light on my heart
It's nice to think about 'em on these nights when we're apart
I like the way your hair is getting' shaggy and kinda long
It goes really good with that new tough jacket you've got onDon't go
Don't take yourself away from me tonight
Just stay here on the sofa with me or i might
Just pick you up and pin you down, alrightI can't wait till our next date
We'll walk around and stay up late
We'll go to the mini-mart
We'll kick stones 'cross the empty lot
