

Damnations Way

Arch Enemy

[music: J. Liiva / M. Amott; lyrics: J. Liiva / M. Amott]Set me free, let me out of here
From these chains to which I am bound
Time was always on your side
While my final hours slipped away[Chorus:]
Frustration in their minds
The hatred in their eyes
A new breed will now rise
Damnation's wayLosing my grip on reality
Outside this cage I am struck by paranoia
A paradox to all life's mysteries
A never ending trail to follow:I am the sinner upon damnation's way
Always deprived of hope, never to see the break of dawn
My life I lived in the shadow of you
The other side now greets me with open arms[1st lead - Christopher]
[2nd lead - Michael]
