

# Wonder Woman

## Trey Songz

I gave you prophesy on my first joint  
But you all lamed out  
It ain't really appreciated  
The second one's out, danger, Songz Your face is amazing, blazing hot like Cajun  
And all I need is a minute, please no gimmicks  
Ya tellin' me to chill, on the real or take a trip to Satan  
Sent me to hell wit it, then I yell, wut it do The hell wit ya crew  
Say, you got a man, well, the hell wit him too  
The seats is seashell, the whip is sea blue  
And you can swim through. Ain't a lot of women that I can't swim through  
And you can't say that I don't tempt you  
'Cuz if you said that, you's a liar  
Grip them legs back call me pliers Z 4 chrome up under the tires  
And you so grown and my desires  
To make you come finish that rum  
Aye who said Trey Songz ain't fire? The way you talkin' girl, you seem so invincible  
Oh, and it's more than sexy girl the way that you take control  
I wonder woman, are you my kinda woman?  
Wit a back like that you fly like jets  
Are you my wonder woman? Are you, are you my wonder woman?  
Are you, are you my wonder woman?  
Are you, are you my wonder woman?  
Are you, are you my wonder woman? It's a shame the way you do yo thang  
You can't blame me starin' at your frame  
What's your name? Baby, they call me Trey  
From the TV to the stage, the p-p-prince of VAI got poppas like doctors, I could change your life  
You should stop watchin' and jockin'  
As if you ain't gon ride, I wonder somethin'  
Baby, we gon do somethin' tonight, tonight, oh, oh The way you talkin' girl, you seem so invincible  
Oh, and it's more than sexy girl the way that you take control

Are you, are you my wonder woman?
