Sparrow

21 Hertz

i'm watching you sleep
it seems you could sleep forever
your body trembles
like you're having a bad dream
oh yeah
restless no more
no more
no more
will i ever see you dance again?
like a sparrow
will i ever see you dance again?
so thin
so great
and so afraid
and so afraid

i'm waiting here with you
could I share this moment of silence
your breathing spaces
of another another
oh yeah
restless no more
no more
no more

will i ever see you dance again?
like a sparrow

will i ever see you dance again?
oh no

will i ever see you dance
will i ever see

will i ever see you dance again

so thin
so great
and so afraid

oh
and so afraid
