

Fall Your Way

Pete Murray

Can you tell me when
Are you going to realize
That you can depend
On you instincts or your alibis?
Do you play by the rules
Of these games being led by so many fools
You ignore the system that were in
'Cause you believe you're too good to commit sin
When you notice it's only in your head
When you could justify yourself to your friends
They'll help you when you fall
'Cause my friend you're about to hit the floor
You're falling your way down to the floor
Can you tell me when
You lie into your girlfriends eyes
Does your blood run through your thighs
Instead of drilling pins and needles up your spine?
When you notice it's only in your head
When you could justify yourself to your friends
They'll help you when you fall
'Cause my friend you're about to hit the floor
You're falling your way down to the floor
Can,t you see the mess you're in
Can,t you see the mess you're in
Can,t you see the mess you're in
Don't you care, don't care at all
Don't you care at all?
You're so into your own life
That you don't care who else is in strife
When your friends all wanna come along
Then you realize what the hell went wrong
When you notice it's only in your head
When you could justify yourself to your friends
They'll help you when you fall
'Cause my friend you're about to hit the floor
You're falling your way down to the floor
