Bff

Lissajous

This song is dedicated to all the girls around the world
That got a best friend
She got your back
You got her back
Thats your BFF
BFF
BFF (C'mon)
BFF(C'mon that's your BFF)
BFF (Ohh)
Shorty that's your best friend
Always got your back forever shes ready to ride
Shorty that's your best friend
Through any situation anywhere that she by your side
Shorty that's your best friend
That's your best friend
Shorty that's your best friend
That's your best friend
That's your BFF
That's your BFF
She tell you everything
She's your number one fan
Always hold your hand
Let em touch your man
Girl, cause that's your BFF
That's your BFF
She always keep it real
Always got your back
Them other phony chickens they talk behind your back
But not your BFF
That's your BFF
She never lie to your man
She don't ever snitch
If a chick talk slick
She'll SLAP a chick
Cause that's your BFF
That's your BFF
Shorty that's your best friend
Always got your back forever shes ready to ride
Shorty that's your best friend

Through any situation anywhere that she by your side
Shorty that's your best friend
That's your best friend
Shorty that's your best friend
That's your best friend
That's your BFF
That's your BFF
OMG
WTF
SMH
BFF
That's your BFF
That's your BFF
She close like a sister
Follow your name on Twitter
She always telling you
You don't need that n*gga
Cause that's your BFF
That's your BFF
Shes's like a clone
MYSPACE Code
Gone tell your phone
Key's to your home
Cause that's your BFF
That's your BFF
When she ain't there
Nobody's there
Have no fear
Cause she's always there

Cause that's your BFF
That's your BFF
Shorty that's your best friend
Always got your back forever shes ready to ride
Shorty that's your best friend
Through any situation anywhere that she by your side
Shorty that's your best friend
That's your best friend
Shorty that's your best friend
That's your best friend
That's your BFF
That's your BFF
Show em where you live
Trust her in your crib
She could spend the night

Let her babysit your kids
Cause that's your BFF
That's your BFF
Trust her with your Life
Let her rock your Ice
She your best friend, but you calling her your Wife
and, that's your BFF
That's your BFF
Let her hold your money
Pay your credit cards
Pick you up from school
Let her drive you to the job
Cause that's your BFF
Girl, that's your BFF
Give advice when you need it
Never tell a secret
Give her a hundred dollar bill
If there's change she could keep it
Cause, that's your BFF
Cause, that's your BFF
Shorty that's your best friend
Always got your back forever shes ready to ride
Shorty that's your best friend
Through any situation anywhere that she by your side
Shorty that's your best friend
That's your best friend
Shorty that's your best friend
That's your best friend
That's your BFF
That's your BFF
Yeah
That's your best friend
You don't need nobody else
That's your baby girl
That's your life
That's your world
You know why
Cause that's your BFF
That's your BFF
Mizz on the Track
Squilin Hills
BFF
That's your BFF
All my independent ladies right now if you with your BFF
Give her a Hug right now

Tell her how much you love her
and say
BFF
Say BFF
Cause that's your shorty
That's your friend
That's your shorty
Or your friend
C'mon
BFF
That's your BFF
That's your BFF
