## **Indian Dance**

## **Nivea**

Step in the club head low with the lights down Made my way to the floor fellas gather 'round Step my hips out there make 'em point and step Feel the heat that beats in the atmosphere Just my chest feel the sweat get into it now I get the feeling we gonna party till they shut it down People watching from the bar pretty tipsy now Break it down ladies, roll it like a gypsy now Went in my A, all the way to Jamaica From New York back across to the bay now I see you watching and I know you wanna get in me Boy, I have you singing like them Indians Oh hal hal hal ha yaa Boy, I have you singing like them Indians Oh hal hal hal ha yaa Boy I have you singing like them Indians Oh hal hal hal ha yaa I have you singing like them Indians Oh hal hal hal ha yaa Aho aho Aho aho

Feel the kick in the drums, make you move Hands in the air, don't be scared let it groove, Mama But my body won't stop, put you in a trance Try to keep up with me if you can Shake your body body, move your body body Don't hurt nobody body, keep this party poppin' So what's the kick on my girls let 'em see you drop I put me back to the top and make you hot Went in my A, all the way to Jamaica From New York back across to the bay now I see you watching and I know you wanna get in me Boy, I have you singing like them Indians Oh hal hal hal ha yaa Boy, I have you singing like them Indians Oh hal hal hal ha yaa Boy, I have you singing like them Indians Oh hal hal hal ha yaa I have you singing like them Indians

Oh hal hal hal ha yaa Aho yeah Aho yeah

Freeze the line, shake shake Freeze the line, shake shake Freeze the line, shake shake

Freeze the line

Roll back, go roll back

Go roll back, go roll back, go roll

Freeze the line, shake shake

Freeze the line, shake shake

Freeze the line, shake shake

Freeze the line

Roll back, go roll back

Go roll back, go roll back, go roll

Oh hal hal hal ha yaa

Boy, I have you singing like them Indians

Oh hal hal hal ha yaa

Boy, I have you singing like them Indians

Oh hal hal hal ha yaa

I have you singing like them Indians

Oh hal hal hal ha yaa

Oh hal hal hal ha yaa

Boy, I have you singing like them Indians

Oh hal hal hal ha yaa

Boy, I have you singing like them Indians

Oh hal hal hal ha yaa
