

Californication

Barbara Mendes

In californication, yeah, bitch I'm from the country dumb make the nigga soft

Big city nigga come south and get they wigs knocked off

...I just hustle and flow, find a track to start and pimp on a hoe

The block got hot a nigga had to get low

Get the fuck out of ... I hit my uncle on the east side

Trevon, wharrup neph what's cracking

I wanna visit L.A., I'm already packed

Been already stacking so we gonna get turned up

Soon as you land, purple kush gonna get burnt up

Shit, the next day I'm in the LAX

Uncle Trey pulled up in a Camaro SS

Black on black, sitting on 23

Bumping rich boy like bitch ...

2 bad bitches in the back seat, one of them for me

Next ... name Marie, rolling up some trees,

...Roll down the window, just to feel the breeze

It's real nice, feeling like paradise shit

And all I can see is sunshine and palm treesWelcome to californication, welcome to californicationWhere we're
going, to the hood

Now I wanna see the ...shower...

Fool, that's where the cops be

I ain't got no driver's license or assurance

Sure enough the cops put us over on...

Everybody out the car, the cops set us on the curbe

They searched the ashtray and found a roach full of herbs

What's this in that cigar? Medical marijuana officer

I got acall

What condition you smoke weed for?

Trevon Jones, place your hands behind your back

You're under arrest for warrants go to court...Monday

Monday? It's Wednesday man,

Or maybe Tuesday, you heard me m'aam

Now if you keep it up, I'll arrest you for obstruction of justice

Trev like, take the car, fuck this

Have fun, call my homies, go clubbing with you dumb ass

At least they ain't found my gun stashWelcome to californication, you might come for vacation

Welcome to californication, you might leave on probation

I'm telling you that

Welcome to californication, anyone goes, everything goes

Welcome to californication, californicationI dropped the bitches off, now I'm off to my uncle house

Stopped by the liquor store, nothing but the thugs out

White teeth and chunks when niggas hit me up like

Where you from homie?

Lifted up his shirt on me, Colt 45

And dawg I wouldn't strap another would walk up like

Nah, he cool, that's Dave Black, Tray lo folks

Visiting from Mississippi,

Pass the pine of Hennesey, here sip this with me

I'm Javon, we're gonna get it popping tonight

Wassup, Hollywood around, these niggas are flocking at night

What's flocking? Breaking in homes...burglary nigga, damn you slow

Oh we kicked it in the hood drinking smoking kush twist up

Hood rat with the big butt chose up got our dicks up

Kissed my auntie on the cheek see you later

Now we 5 niggas deep and ...

The club's off the chain, I'm seeing models and stars

NBA players straight buying out the bars

The state of Arizona kinda segregate

But my dick don't discriminate,

Black girls white girls, pimping I just like girls

California girls, Katy Perry tight girls

Met an Asian with fake tits next to a hype girl

She took a pot of ...sniffing on that white girl

VIP bottles and all that, this ... started pouring out cognac

... I took a bottle and I cracked that nigga, smacked that nigga

Security bust me like arrest that nigga

Tearing up the club, all 5 of us

Asian bitch grab me like hurry up slide with us

But the cops were outside stop ... to retain me

Found some coke in her purse, motherfuckers play me

Next thing you know I'm in the county jail

I walked and I seen my uncle Tray's right there

And he's just shaking his head then he laughed at a nigga

Don't be in the bed, don't let the bright lights fool ya...

It's been 24 hours I just caught my first case

I just can't see the honey once I got locked up

Niggas doing crazy my advice...

As they tripping on me for no reason...Welcome to californication, you might come for vacation

Welcome to californication, you might leave on probation

I'm telling you that

Welcome to californication, anyone goes, everything goes

Welcome to californication, californication
