Thanks For Nothing

Middle Brother

I got off of the plane ok
Now I have a city to myself
Strangers in the coffee shop, the sidewalks and the way the evening smells
None of it distracts me in the way I had planned
It doesnt bring me back my smile like I was hoping
There's a distance between me and the world that is offering it's hand
And I have you to thank for that, thanks for nothing
Its probably raining off in london
If it; s snowing here in nashville TN
Oh i hope hes taking care of you
And showing you that you are where you need to be
But I dont want you to leave him
When he gives himself away
The way a match looks after it is done glowing
Oh you don't know how it feels to think that you will never be the same
And I have you to thank for that, thanks for nothing
Now the only girls i meet all look for hearts they can fix
When mine is more like a kid that has gone missing
Now there's a pretty girl in front of me
That I know I won't let in
And I have you to thank for that, thanks for nothing
