## Skillz

WooUhS-K-I Double L-ZuhUh, C'monI remember that day  
like yesterday  
When I first saw baby girl  
around the way  
But the guy that she went can't be her man  
'cause if she was my girl  
I be holdin' her hand  
So I just starred at her  
and held my spot  
Thinkin' damn this man don't know what he got  
She was way pass hot and then flashed me a grin  
So that means she wish she wasn't with him  
So I, played it smooth and I winked at her ???ly  
Is it me or she just wink back at me  
Now I ain't sayin' that dude don't matter  
but should I feel bad  
'cause I really wanna have her  
She was more than just a pretty face (oh well)  
Maybe another time, another place  
Until then you already know the deal {Chorus} But he don't, own me for real  
(for real) For real  
(for real) For reeal  
(no he don't own me)  
But he don't, own me for real  
(for real) For real  
(for real) For reeal  
(he don't own me)Uh,C'monWow  
This feels so strange  
and I didn't even get your name  
You make me wanna sing about ya  
I mean you a queen so you need a king around ya  
he probably thinkin'  
be safe be sure  
You ain't learned lil' mama what ya waitin' for  
Maybe he holdin' steady  
Or maybe he gone do it when he get ready  
I ain't plottin'  
for you to drop him  
I'm just sayin' exercise ya options

Until then, you already know the deal {Chorus} But he don't, own me for real  
(for real) For real  
(for real) For reeal  
(no he don't own me)
