

# Next of Kin to Chaos

## Napalm Death

Stuck in the learning hole  
There is no teaching  
That I can subscribe to  
Just the hatred of being afraid Trapped in a nightmare  
Nothing can alter this  
Just another daydream  
Calendar sadness Lucid, inducing swarm  
Becoming closer  
But getting colder  
The caustic grip insane Trapped in a nightmare  
Nothing can alter this  
Just another daydream  
Calendar sadness Lucid induced  
Lucid induced Pre-shaping destiny  
Hiding inside of me  
Primate illusions of  
How all this should be Pre-shaping destiny  
Hiding inside of me  
Primate illusions of  
How all this should be Next of kin to chaos  
Next of kin to chaos Stuck in the learning hole  
There is no teaching  
That I can subscribe to  
Just the hatred of being afraid Trapped in a nightmare  
Nothing can alter this  
Just another daydream  
Calendar sadness Lucid induced  
Lucid induced Pre-shaping destiny  
Hiding inside of me  
Primate illusions of  
How all this should be Pre-shaping destiny  
Hiding inside of me  
Primate illusions of  
How all this should be Next of kin to chaos  
Next of kin to chaos
