

# Take A Stand

## Punk Ninja Brigade

I see you hide  
Do you have pride  
Afraid to share what's inside  
you've been walked right by  
a real nice guy  
overlooked and shoved aside  
can't hear your voice back in the crowd  
move up front and shout out loud !  
take a stand !  
take a stand, say what you feel  
be who you want, but be for real!  
voice your opinion,  
don't jsut sit still  
speak your mind at your free will  
take a stand !  
stand your ground  
don't let the world push you around  
take a stand !  
stand your ground  
don't let the world push you around !
