

Slow Fade

Casting Crowns

Be careful little eyes what you see
Its the second glance that ties your hands
As darkness pulls the strings Be careful little feet where you go
For its the little feet behind you
That are sure to follow Its a slow fade
When you give yourself away
Its a slow fade
When black and white are turned to gray And thoughts invade, choices are made
A price will be paid
When you give yourself away
People never crumble in a day Its a slow fade
Its a slow fade Be careful little ears what you hear
When flattering leads to compromises
The end is always near Be careful little lips what you say
For empty words and promises
Leave broken hearts astray Its a slow fade
When you give yourself away
Its a slow fade
When black and white are turned to gray And thoughts invade, choices are made
A price will be paid
When you give yourself away
People never crumble in a day The journey from your mind to your hands
Is shorter than youre thinking
Be careful if you think you stand
You just might be sinking Its a slow fade
When you give yourself away
Its a slow fade
When black and white are turned to gray And thoughts invade, choices are made
A price will be paid
When you give yourself away People never crumble in a day
Daddies never crumble in a day
Families never crumble in a day Oh, be careful little eyes what you see
Oh, be careful little eyes what you see
For the Father up above is looking down in love
Oh, be careful little eyes what you see
