## **Slow Fade**

## **Casting Crowns**

Be careful little eyes what you see
Its the second glance that ties your hands
As darkness pulls the stringsBe careful little feet where you go
For its the little feet behind you
That are sure to followIts a slow fade
When you give yourself away

Its a slow fade
When black and white are turned to grayAnd thoughts invade, choices are made

A price will be paid

When you give yourself away

People never crumble in a dayIts a slow fade

Its a slow fadeBe careful little ears what you hear

When flattering leads to compromises

The end is always nearBe careful little lips what you say

For empty words and promises

Leave broken hearts astrayIts a slow fade

When you give yourself away

Its a slow fade

When black and white are turned to grayAnd thoughts invade, choices are made

A price will be paid

When you give yourself away

People never crumble in a dayThe journey from your mind to your hands

Is shorter than youre thinking

Be careful if you think you stand

You just might be sinkingIts a slow fade

When you give yourself away

Its a slow fade

When black and white are turned to grayAnd thoughts invade, choices are made

A price will be paid

When you give yourself awayPeople never crumble in a day

Daddies never crumble in a day

Families never crumble in a dayOh, be careful little eyes what you see

Oh, be careful little eyes what you see

For the Father up above is looking down in love

Oh, be careful little eyes what you see
