It's All the Rage

Hit the Lights

We are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothingYou said you wanted out, but now you want to go
You said you had a doubt, but now you think you know
You are, you are, you are about getting lowYou said you wanted out, but now you want to go
You said you had a doubt, but now you think you know
You are, you are, you are about getting lowYou're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you knowWe are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothingYou tear the nails from your fingertips,
And smear the blood across your lips,
'cause it's all the rage with all the kids back home
While we wrap barbed wire around our wrists
And decorate the walls with our fists
Live life like its hit or miss whoahYou're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you knowYou're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you knowWe are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothingWe are exactly what you want to be
Where you've been and what you've done mean nothingYou said you wanted out, but now you want to go
You said you had a doubt, but now you think you know
You are, you are, you are about getting lowYou're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you knowWe are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothingWe are exactly what you want to be
Where you've been and what you've done mean nothing
Where you've been and what you've done mean nothing
Where you've been and what you've done mean nothing
