

It's All the Rage

Hit the Lights

We are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothing
You said you wanted out, but now you want to go
You said you had a doubt, but now you think you know
You are, you are, you are about getting low
You said you wanted out, but now you want to go
You said you had a doubt, but now you think you know
You are, you are, you are about getting low
You're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you know
We are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothing
You tear the nails from your fingertips,
And smear the blood across your lips,
'cause it's all the rage with all the kids back home
While we wrap barbed wire around our wrists
And decorate the walls with our fists
Live life like its hit or miss
You're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you know
You're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you know
We are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothing
We are exactly what you want to be
Where you've been and what you've done mean nothing
You said you wanted out, but now you want to go
You said you had a doubt, but now you think you know
You are, you are, you are about getting low
You're dying for anything brand new,
Hate feeling cheap but you love being used
You want out but you take the abuse,
Cause it's all you know
We are, we are, we are exactly what you want to be
Where you've been and what you've done mean nothing
We are exactly what you want to be
Where you've been and what you've done mean nothing
Where you've been and what you've done mean nothing
Where you've been and what you've done mean nothing
