All My Love

Safe Mode

All my love
Oh my love
Oh baby I've been looking for your eyes
I've been thinking
To love, and try again
All my life
Oh baby I've been looking for the time
To say sorry
To love, and try again
Sun has fallen in the horizon
Where every thought is underlined
Take my hand I'm diving in these
shallow dirty secrets of my mind
Sun has fallen in the horizon
Where every thought is underlined
All the shadows all the stories
All the morning glories of our past
All my love
Oh baby every feeling in my heart
has been waiting
To love, and try again
Sun has fallen in the horizon
Where every thought is underlined
Take my hand I'm diving in these
shallow dirty secrets of my mind
Sun has fallen in the horizon
Where every thought is underlined
All the shadows all the stories
All the morning glories of our past
Sun has fallen in the horizon
Where every thought is underlined
Take my hand I'm diving in these
shallow dirty secrets of my mind
Sun has fallen in the horizon
Where every thought is underlined
All the morning glories of our past
