She only got one thing on her mind and that's my money, that's my money, that's my money. She only got one thing on her mind and that's my money, that's my money, that's my money. Let's make a movie! My life so cinematic, I'm charismatic. They wanted swag so I'm a let em have it. You gone let em have it? Yeah I'm a let em have it. Swag School 101, you wanna pay for classes? Tonight could be your luck night, even a garbage can get a steak bone once or twice. Straight to the back Louis bag to the max. I just came to play baby let's blow a couple stacks. If you making money know that shawty watchin. If a nigga shinin she tryin to make a profit. Stop tellin me you love me bitch you betta stop it. I don't believe you I see right through you. She only got one thing on her mind and that's my money, that's my money, that's my money. She only got one thing on her mind and that's my money, that's my money, that's my money. These bitches chasin me too, they got me runnin from em. But I ain't stuntin em though unless I'm gettin money from em. The watch will ya make want me. Man I'm sick of money. I'm tired of diggin holes so now I live with money I've been gettin money so long I'm sittin on the money. Im tired sittin down, so Im standing on the tables. Saw this bitch from head to toe, hair look like a tomato. Shawty in my ear she say she wanna put it on me. (What you tell her?) Hope she don't think she gettin a penny of my money. Ey! If you making money know that shawty watchin. If a nigga shinin she tryin to make a profit. Stop tellin me you love me bitch you betta stop it. I don't believe you I see right through you. She only got one thing on her mind and that's my money, that's my money, that's my money. She only got one thing on her mind and that's my money, that's my money, that's my money. Ay oh you love me baby, I love you too. She trying stroke my ego so I let her do her do (her do). She seeing dollar signs she see me in all the literatures. She heard about the deal man you know I can't get rid of her. I turn the corner she on my hips she talkin bout she going with me. She fine than a mug but somethin bout this bitch annoyin me. She say she like my songs, she wanna one night me. Whole time she dreamin of me makin her my wifey. Gone with that lame game bitch you ain't slick. This big boss shit who you think you dealing with? And even though I keep a lot of stacks on me. You still ain't gettin a fuckin penny of my money. If you making money know that shawty watchin. If a nigga shinin she tryin to make a profit. She only got one thing on her mind and that's my money, that's my money, that's my money.
