better than a diamond your my treasure  
nothing in this world that will last forever  
anywhere you go i will never disown you  
look into my eyes i will make it all new  
my love is never old  
it 24 karat gold your lifetime guarantee  
you are safe you are safe with me  
my love is never old  
its 24 karat gold  
your life time guarantee  
you are safe you are safe with me  
hey  
i'll never ever leave you crying  
i'll never ever leave you cheated  
I'll never ever leave you crying  
your eyes i will always see  
you are safe you are safe with me  
waving you the sign i will show you the right road  
no even in doubt you are never alone  
always in my heart always in my head  
listen to my voice this is what i say  
my love is never old  
its 24 karat gold  
your life time guarantee  
you are safe you are safe with me  
my love is never old  
its 24 karat gold  
your life time guarantee  
you are safe you are safe with me  
my love is never old  
its 24 karat gold  
your life time guarantee  
you are safe you are safe with me  
my love is never old  
its 24 karat gold  
your life time guarantee  
you are safe you are safe with me  
hey
